Miami Township's annual community and music festival, MidSummer at the Meadows, is on track to be the most star-studded with the announcement of a musical lineup that includes almost a dozen top-10 hits and a 'Rock n Roll Hall of Fame' inductee.

Rocker Eddie Money, Felix Cavaliere of the Rascals, and arena rock legend Mark Farner of Grand Funk Railroad headline the free, two-day event at Miami Meadows Park, July 8 and 9.

"Last year we had close to 25,000 people come out for the festivities and the music," said Mary Makley Wolff, chairman of the Miami Township Board of Trustees.

"We really want to give our residents a great time, and this musical lineup should do it."

Leading off the event on Friday, July 8, is legendary rocker Eddie Money, a straight up rock and roll icon has been making music and delivering it to his fans since the mid 70's. With hits like "Two Tickets To Paradise", "Baby Hold On", "Walk On Water", "Think I'm In Love" and "Shakin", Money continues to be one of the hardest working men in rock and roll.

Saturday's lineup includes Mark Farner of Grand Funk Railroad and Rock 'n Roll Hall of Fame inductee Felix Cavaliere, who led the Rascals to popularity in the 60s and 70s.

Stormwater management key to keeping Miami Township river and streams clean

Many activities done around the home can pollute storm water. Even simple activities like washing your car, disposing of household products, and caring for your pet can pollute storm water. This information below describes how you as a resident can help keep Miami Township and Clermont County's storm water clean.

What Is Storm Water and Why Does It Matter?

Storm water is water that falls as rain. Due to urbanization, rainwater runs off paved surfaces such as driveways, sidewalks, streets and parking lots, down storm drains, and into local rivers. Unlike water that leaves homes, businesses, and industries through the sanitary sewer system and is treated and filtered before being released into rivers, water that enters the storm drain system is never treated or filtered. Thus, anything that is dumped down a storm drain goes directly into local rivers.

Where Does Storm Water Pollution Come From?

While some of the pollution that enters local rivers comes from large industries, smaller companies, and sewage treatment plants, over half of storm water pollution actually comes from everyday activities. Washing your car, fertilizing your lawn, painting your garage, or disposing of household products can cause harmful chemicals to accumulate on paved surfaces. When it rains, these chemicals are washed down storm drains

10 Steps To Keeping Streams & Rivers Clean

- 1. Recycle your used motor oil. Autozone, Valvoline Instant Oil Change, the Clermont County garage on Filager Rd. and Bethel Auto & Truck Service Center all accept used oil. The county garage will also take your used antifreeze. Never dump oil or antifreeze down the storm drain which flows into the creeks or rivers.
- 2. Reduce auto emissions through regular auto maintenance, ride sharing, and use of public transportation. Fix oil, radiator and transmission leaks in your car. Don't let your car leave ugly oil slicks behind.
- 3. Use a garbage can for your trash. Recycle reusable materials. Don't put trash and litter in the street; it will be washed to the river.
- 4. Sweep the dirt from your walk or driveway back into the yard with your broom. Pick up pet waste and dispose of it in the toilet or trash. Hosing dirt and pet waste away sends it into the drainage system and directly to the creeks & rivers.
- 5. Dispose of any hazardous home chemicals at approved household hazardous waste collection sites. A listing of sites and assistance is available through the Office of Environmental Quality (513)732-7894. Use the least toxic products available in your home and garden.
- 6. Choose water-based paints such as latex. Wash brushes in your sink with water. If using paint thinner, reuse and recycle it. Solidified paint can be disposed of in regular household waste. Don't pour any paint or toxic material down the storm drain.
- 7. Use pesticides and other lawn chemicals sparingly. Never double the dose! Follow the directions and do not apply if rain is forecasted.
- 8. Go to a car wash or wash your car in the grass. Don't wash that grimy road dirt and chemical cleaners down the drive and into the storm drain.
- 9. Pick up and properly dispose of leaves and grass clippings. Start a compost pile with yard waste. Never use streams or gutters to dispose of yard waste.
- 10. Maintain your septic system. Have it pumped out every 3 years to remove sludge and scum. Do not use tank additives, and practice water conservation to prevent overworking your system. Repair or replace malfunctioning septic systems.

and into local rivers. Polluted storm water can harm aquatic life, make rivers unsuitable for fishing and swimming, and increase the risk of local flooding by clogging storm drains.

What Can You Do to Prevent Storm Water Pollution?

In 1990, as part of the Clean Water Act, the United States Environmental Protection Agency (EPA) implemented a National Storm Water Quality Control Program. This program, commonly known as the National Pollution Discharge Elimination System (NPDES), specifically addresses storm water pollution prevention. The goal of NPDES is to develop storm water programs to help members of local communities become active in ensuring that community rivers and streams are environmentally safe for everyone.

From The Director

From the Director

Miami Township is known for its great neighborhoods and its well kept homes. To help ensure quality neighborhoods well

into the future, Miami Township adopted a Property Main-tenance Code. The

Walt Fischer

purpose of the code is to protect the public health and safety by ensuring the maintenance of all residential and commercial buildings in the Township.

The Code addresses both the exterior building and the exterior property. The exterior walls of a building must be free from cracks. holes and peeling or flaking paint must be removed, and the surface repainted. In addition, windows and doors must be kept in sound condition, the roof, gutters and downspouts must be in good repair and free from obstructions. The exterior property must be kept free from garbage, refuse or debris. The sidewalks and stairs must be in good repair.

The property Maintenance Code also addresses inoperable and junk vehicles. The code permits one inoperable vehicle on a property. The vehicle cannot be in a state of major disassembly or disrepair and it must be covered.

Resident survey shows very high satisfaction with Police Department

Results of the 2005 Citizens Concerns Survey by the Miami Township Police Department shows an overwhelming satisfaction with the department's performance.

The department surveys 1,000 random households via mail at least every three years to determine how the public views the law enforcement services they are receiving, and the public safety concerns that they may have. This year 314 households sent in replies to the survey.

Overall, the respondents rated the Miami Township police very well:

•98% stated that they "Strongly Agree" or "Agree" that the overall performance of the department is professional.

•99% said they believe that the department officers are competent and well-trained.

•96% said that they thought police officer attitudes toward citizens were courteous and respectful. These numbers are up from an 87% overall approval rating received in a survey conducted in 2002

Citizens rated investigation of home burglary, traffic and property crimes as the top three priorities for the depart-

"Strongly Agree" or "Agree" that the overall performance of the department is professional. 99% Say the Miami Township Police are competent and well-trained.

ment in local neighborhoods. That differs slightly from the response in 2002 when citizens said that investigation of child abuse, burglary and theft, and sexual assaults should be the top priorities for the police department.

Traffic issues were again the number one priority for attention by the department throughout the entire community according to 33% of the respondents. That is consistent with responses on three previous surveys conducted by the department since 1996.

This year, though, that concern was tied with a concern about residential burglaries. The next three priorities were nearly tied in numbers of responses, and were drug offenses, property crimes and

vandalism. These, too, are similar responses to those received in 2002, when the most serious problems identified by respondents were speeding vehicles, juvenile complaints, vandalism, and burglary/theft.

There is sufficient police presence in the neighborhoods to allow citizens to feel safe, according to 92% of the respondents.

"We will continue to direct our resources at the problems identified for us by the public," said Chief of Police Steven Bailey. "We are blessed with a relatively low crime rate and many of the concerns expressed by citizens are quality of life and perceptions of crime issues. These take a lot of effort to improve, but we are constantly working to achieve that goal."

The department also conducts monthly 'Quality Assurance Surveys' to judge public opinion of police services.

"We believe that we are accountable to the citizens of our community. We want to know what they think of us so we can continue to do those things that are done well, and to improve in those areas that fall short of expectations," Bailey said.

and its well kept homes. To help ensure quality neighborhoods w e 1 1

MIAMI TOWNSHIP FIRE & EMS

JIM WHITWORTH, FIRE CHIEF

Jim. Whitworth@MiamiTownshipOH. Gov

FIRE/EMS ADMINISTRATION: 513-248-3700

EMS prides itself on aggressive training

Emergency Medical Services in Miami Township is cornerstoned by the professional and experienced paramedics and EMT's.

Part-time EMT's and paramedics supplement the fulltime staff bringing the daily staffing to 12 in three stations. There are 13 full-time employees assigned to each of three 24 on/48 off crews, one of which is the shift captain. The central station houses the three administrative officers on the weekdays. The north and south stations each have weekday captain supplementing staffing.

Miami Township maintains two paramedics per ambulance and generally has each engine company staffed with two paramedics. Engine companies respond with ambulances to

EMS calls when the dispatch nature indicates a possible critical patient and when the primary district ambulance it out of station. All engines carry a full compliment of paramedic equipment. Our paramedics pride themselves on the aggressive training received and the protocol we operate under, which is in line with American Heart Association Emergency Cardiovascular Care guidelines.

Internal quality controls improve patient care

The department has set up an internal quality assurance committee to assist in improving the care of our patients. The committee is comprised of active members of the department who meet on a regular basis and review run documentation to identify areas needing attention. All EMS calls are reviewed by the committee.

All calls where advanced life support was used are pulled along with a random sampling of the remaining reports. Our medical director is also involved with the process by reviewing these run reports. He then writes questions for the committee to ask on documentation, procedures. etc. The committee also formulates its own response to the review and forwards this to the crew on the run. The crew must then file a response back on the CQI form, as to why there was a difference in the way care was given to the patient.

Our medical director is a board certified emergency room physician and works at local emergency rooms. He has showed us great latitude in allowing us to provide the quality and type of care normally found in the emergency department of the hospital. Because of his direction and vision, we have some of the most advanced care directives and protocols in the United States

As part of our program, we also send out a sampling of patient response cards. These allow the patients or their families to comment about the care they received while with us. This input, along with care records, helps us to fine tune protocols, and change those areas that negatively affect our patients.

Miami Township Fire/EMS offers "CPR For Friends and Family" and "Heartsaver CPR." The course will cover adult, child and infant CPR in addition to choking, and will last three to four hours. CPR classes are held monthly, and costs covers books and registration fees with the American Heart Association. This is a skill based course which focuses on teaching one person CPR. We urge everyone over age 14 to learn this important skill.

Native Gardening: There's a new trend in modern gardening that's gaining in popularity. Over the years, gardeners have frequently overlooked regional natives in favor of more exotic plants. Many exotic plants crowd out native ones and take over entire ecosystems reducing food and shelter for our wildlife. Come and learn about this nationwide trend of gardening, and how to restore native plants to the region. You will learn methods of propagation and design, and input use of authentic native habitats and plant species. You will also learn how to begin and grow a native garden right in your own backyard. Thurs, June 16 6:30-8:30 p.m. LH at CP; Introduction to native plants, design, prep & planning; Thurs, June 23 6:30-8:30 p.m. LH at CP; Choosing a site and preparing the garden; Thurs, June 30 6:30-8:30 p.m. LH at CP; field trip to view local native gardens. \$30 for 4 sessions.

SENIOR EVENTS

Senior Fall Social

Sponsored by Eastgate Lanes & Miami Township Recreation Dept. Sun, Sep 18; CP.; 4 p.m.; FREE. First 100 Seniors will get a <u>free</u> hot dog, chips, soda & sundae. Socialize with friends and enjoy games, including horseshoes (pits available, bring your own horseshoes), cornhole, lawn and board games.

Bring your lawn chairs and listen to the <u>Free</u> Concert by the Clermont Philharmonic Orchestra at 6 p.m.

Senior Open Bowl

Thur, Aug 4; Eastgate Lanes; 12: 30-2:30; \$5/person. 30-min. instructional session that teaches bowling, or brush up on your skills. Coffee, cookies and doughnuts provided. Cost includes equipment and two hours of bowling.

Infant, Toddler, & Preschool

Playgroup

Session 1: Sept 8-Oct 20; Session 2: Oct 27-Dec 15; Session 3: Jan. 3-Feb. 16; Session 4: Feb 23-April 6; Session 5: April 13-May 25 Thur; 9:30-11:30 a.m. or 1-2:30 p.m.; LH at CP; \$25/res, \$35/non-res. Playgroup is a great opportunity to have some one-on-one time exploring activities with your child. Each class will come together at "Circle Time" to sing and play with the whole group. Join us to meet new friends and have fun. Please note morning/afternoon and session number on your registration. Space is limited and pre-registration is required.

Preschool Camps

We have changed our Preschool classifications to group children together in age and learning appropriate environments. PSC defines children that are 3 and 4 years of age (by Sept. 30, 2005), and PreK defines 5 and 6 yr. old children who have not yet started Kindergarten.

Skyhawks - Basketball

June 27-July 1 or Aug 8-12; PR; 9-10:30; ages 3-4 yrs; \$49/res, \$54/non-res. Designed for beginning players learning the fundamentals of basketball.

Kindergarten Safety

July 18-22; or July 25-29; or Aug. 1-5; Smith Elem.; For children entering Kindergarten; A.M. Session 9-11:30; P.M. Session 12:30-3, \$70/res, \$75/non-res. The five concepts for our Safety Camp will be bus, traffic, fire, family and personal safety. Campers will visit "Safety Town" by a motorized 4-wheeler on miniature streets, learning traffic safety firsthand! Ride a real school bus to a fire station and have a visit from a police officer. Call for availability!

Nature Explorers

July 11-15; St. Mark's; 9-11:30; PSC; ages 3-4 yrs; \$59/res, \$65/non-res. Children will discover the world around them using puppets, crafts and songs. Frogs, bugs, snakes, flowers and rocks are just some of the themes they will explore.

The World of Eric Carle

July 5-8; LH; 9-11:30; ages 3-4; \$45/ res, \$50/non-res. Come and be "Very Busy Spiders" while exploring the books of Eric Carle. You will make crafts, play games and eat treats all based on these interesting stories.

Barnyard Adventures

June 27-July 1; St. Marks's; 9-11: 30; PSC ages 3-4yrs.; PreK ages 5-6 yrs. \$59/res, \$65/non-res. What's it like to live on a farm? Have fun with

cows goats, pigs and more through songs, games, stories, puppets, and art. Sunrock Farm's very own Farmer Frank comes out for a visit and brings some of his barnyard friends.

Space & Alien Adventures

July 18-22; St Mark's; 9-11:30 PSC ages 3-4 yrs.; PreK ages 5-6 yrs. \$65/ res, \$70/non-res. We will blast off this week long camp with stories, crafts and aliens from outer space. A special highlight of the week is the Museum Center's Science Program on Wheels Blast Off!

Dino Dia!

July 29; CP; 10-11:30; ages 3-6yrs. \$5/res, \$10/non-res. Cincinnati Museum Center's Program On Wheels comes to Miami Township. Dig up dinosaur fossils and discover their owners' true identities. Learn about different kind of dinosaurs, what they looked like, what they ate and how they protected themselves.

Dinosaur Days

July 25-29; LH; 9-11:30 PSC ages 3-4yrs; PreK ages 5-6yrs. \$65/res, \$70/non-res. The week will revolve around our favorite extinct gentle giants. Have fun singing songs, reading stories and going on a real dinosaur hunt! The week's highlight will be a visit from the Museum Center and their Dino Dig exhibit where chil-

dren can actually dig for fossils.

Exploring Nature Extreme

Aug 1-5; MR; 9-11:30 PreK ages 5-6 yrs. \$59/res, \$65/non-res. This hands-on adventure camp will allow children to explore their world through hikes, crafts, games, some messy science experiments, a nature scavenger hunt and a visit from the Museum Center's "Bats! Bats! Bats!"

Under The Big Top

Aug 8-12; LH; 9-11:30; PSC ages 3-4 yrs.; PreK ages 5-6; \$65/res, \$70/non-res. The circus has come to town! A week filled with clowns, circus animals, stories, crafts and more will keep your preschoolers entertained and amused. Everyone is invited on Friday to our interactive circus with Ringmaster Jane Wuest.

Outrageous Adventures

Aug 15-19; LH; 9-11:30; PSC ages 3-4 yrs.; PreK ages 5-6; \$59/res, \$65/ non-res. Every day will be a fun and new adventure as the children experience hands-on activities, which include slippery, slimy, gooey things, puppets songs and games. What a great finale week of summer fun.

ADULT

EDUCATION

Microsoft Word (Beginning)

Wed, Sep 14-Oct 5, 7-8:30 p.m.
Pattison Elem Computer Lab.
Instructor: Mike Cann. \$75.00 (4-weeks). Microsoft Word for Beginners provides information and hands-on practice about the many functions of Microsoft Word including document formatting, mail merge, clip art, office templates and many more.

Introduction to Computers

Wed, Oct 26-Nov 16, 7-8:30 p.m. Pattison Elem Computer Lab. Instructor: Mike Cann. \$75.00 (4-weeks). This class is a basic computer class teaching the components of a computer, including the operating

system, mouse functions, keyboard, software. Internet. and email.

Introduction to Excel

Thur, Sep 15-Oct 6, 7-8:30 p.m. Instructor: Jane Sheehan. Mulberry Elem Computer Lab. Provides instructions for creating simple worksheets and charts that will be used for internal reports and data tracking. Use Excel to organize, calculate, and analyze data.

Introduction to PowerPoint

Thur, Oct 27-Nov 17, 7-8:30 p.m. Instructor: Jane Sheehan. Mulberry Elem Computer Lab. Provides instructions for creating professional presentations. You will create slides that include charts and graphics.

Learning eBay

Mon, Oct 24-Nov 14, 7-8:30

Instructor: Jane Sheehan. Mulberry Elem Computer Lab. Provides instruction on how to search for and buy the items you want, and how to post your items for sale.

Line Dancing

Thur, Sep 15 thru Nov 17, 7:15-9:15 p.m.; McCormick Elem Auditeria. Instructor: Janet Short & Kathy Wills. \$50.00 (10 weeks). This high-energy class will be teaching adults of all ages to line dance. Participants will learn the latest line dances along with some old favorites. The classes will be 2 hours in length, with beginners from 7:15-8:15 p.m. and intermediate from 8:15-9:15 p.m. Leather soled shoes or boots will work best when learning to dance.

Adult Tap Dance

Mon, Sep 12 thru Nov. 14,

7:15-8:15 p.m; Seipelt Elem Cafeteria*. Instructor: Vanessa Edwards. \$50.00 (10 weeks) Students will learn the fundamentals of dance through traditional dance methods while learning about rhythm and movement.

Jazzercise Lite

Thur, Sep 15 thru Nov. 3, 6:30-7:30 p.m. Meadowview Elem Auditeria* Instructor: Tonnie Yaeger-Oligee. \$40.00 (8 weeks). Fitness that's invigorating, not intimidating! This 60-minute class pairs moderate aerobics with exercises designed to improve your strength, balance, and flexibility. Whether you're a senior, newcomer, pregnant, or otherwise physically restricted, you can't go wrong with this popular light version of the original Jazzercise program.

*Location subject to change

SUMMER CAMPS

American Girls Go Back To School

Aug 16; MML; 9 a.m.-12; grades 2nd and up; \$15/res, \$20/non-res. Girls are invited to join Barb Brown for a special program of crafts and activities. Explore what it was like to get ready for school in the "old days."

Dare Extreme!

Session II: Aug 1-5; MM Pavilion; 9:30-3 p.m.; grades 5-8. \$65/res, \$70/non-res. Join Miami Township Police Officers T.J. Spencer and Kevin Petrocelli for 5 days of fun and excitement. Campers will work on team-building skills and self-esteem through challenging activities. Activities may include hiking, biking, canoeing, fishing, rock wall climbing and more.

Wild, Wet & Wacky Week

July 25-29, MR, 9-11:30; Grades 1-3 \$65/res, \$70/non-res. Be sure to keep cool this week with sponge relays, water balloon games, and a visit to nearby parks and their water play areas.

Junior CSI (Crime Scene Investigation)

July 11-15; LH; 9-11:30 a.m.; grades 6-8. \$45/res; \$50/non-res. Want to learn about fire, explosive & criminal investigations from the professionals? Investigators from the Miami Township Police & Fire Departments are leading this camp. Photo/video segments and hands-on activities including finger printing, plaster casting, & mock crime scenes. Students will learn about the elements of a crime scene, processing evidence, & interviewing suspects.

Earth Explorers

July 18-22; PR; 9-12 p.m.; grades 4-6 \$65/res; \$70/non-res. Explore your world and learn exciting facts about weather, how things fly, the wonders of the ocean, and many other hands-on activities that will amuse and amaze. A highlight of this week will be a field trip to the Newport Aquarium where we will learn lots of exciting facts and see the amazing creatures that live in our oceans and waterways.

3...2...1...Blast Off!

July 21; St. Mark's; 10 –11:30; Ages 3-6; \$5/res, \$10/ non- res. Cincinnati Museum Center's Program On Wheels comes to Miami Township. Leave Earth behind as young astronauts blast off with radio controlled space shuttles to explore what's beyond our own planet. Learn about gravity, orbits, the planets and more. From the sun and the moon to the stars far beyond it will be a truly "space-ial" experience.

Bats! Bats! Bats!

Aug 4, MR; 10-11:30; Grade 1-3. \$5/res, \$10/non-res. Cincinnati Museum Center's Program On Wheels comes to Miami Township. Walk like a bat! Fly like a bat! Meet a native Big Brown Bat. Explore echolation, how it works and what it sounds like. Learn about these truly amazing yet misunderstood animals through pictures, games and more.

Around The World

Aug 8-12; MML; 9-11:30 a.m.; grades K-2. \$60/res, \$70/non-res. Join in the fun as we travel to far away places like Mexico, Japan, Italy, and Africa. We will discover their cultures through music, food, arts and crafts. This will be a non-stop week of multi-cultural

experiences and adventures.

Fun with Origami

July 29; LH, 1-3:30; grades 4-6. \$15/res, \$20/non-res. Amaze your friends with the interesting things you will make while learning the ancient art of paper folding.

Clowning Camp

Aug 8-12; CP; 9-11:30; grades 4-6 \$45/res, \$50/non-res. Develop your very own clown character with make-up, costuming, movement, performance practice and balloon sculpturing. Round out the week with a performance on Friday for your family & circus camp.

Sports Fun & Games

MIAMI TOWNSHIP COMMUNITY DEVELOPMENT

LARRY FRONK, DIRECTOR

LARRY.FRONK@MIAMITOWNSHIPOH.GOV

COMM DEVELPMENT OFFICE: 513-248-3731

VISION2025 continues to map future of Miami Township planning process

Our journey to map the future of Miami Township continues. However, as with any map or plan there needs to be a destination. Our destination is a year – 2025. Our goal is to attain today's vision of what our Community should be 20 years from now.

Our consultants, Edwards & Kelsey, have been compiling information from residents and members of the Planning Steering Committee to develop a Vision Statement for our land use plan. In 2025, people will know Miami Township for....what? We have received many ideas and concepts of what Miami Township will be known for 20 years from now. All the statements taken together could easily fall under the heading "A

High Quality of Life."

According to the information we have received, some of the things the community wants Miami Township to be known for in 2025 are:

- Excellent Schools
- Outstanding indoor and outdoor recreational resources
- Industries and businesses that enhance the community environmentally, socially and economically
- High aesthetic standards and high quality appearance of public spaces.
 - Most importantly, Miami

Township will be known as a community where people want to live, work, shop and play.

Please visit our web site for current updates on our comprehensive land use planning process – www.MiamiTownshipOH.gov, and click on land-use plan.

Our planning process is continuing, and your input is important. Please contact Larry Fronk, Community Development Director at 248-3725 or e-mail him at larry.fronk@Mia miTownshipOH.gov.

Good Neighbors

Miami Township's Board of Trustees awarded 'Good Neighbor' certificates to Lee Hite (top photo) and the Friends of the Miami-Milford Library. The "Good Neighbor" award allows residents or township staff to nominate on a regular basis any resident, township businesses or organizations that make significant contributions to the Miami Township community. Those applications will be reviewed based upon certain criteria and the Board of Trustees will select the "Good Neighbor" to receive a special award.

Miami Township is a very desirable place to live and work. For this reason development in the Township continues at a brisk rate. Not all new development within the Township requires

a zone
c h a n g e
and a
series of
p u b l i c
meetings.
M a n y
t i m e s
the land is

Larry Fronk

properly zoned and all the developer or business owner needs is an administrative plan review to ensure the project complies with the current zoning regulations. In these cases, residents may not be aware of new developments until the bulldozers start plowing up the land.

In an effort to provide more up-to-date information to our residents the Community Development Department has established a new web page providing information on projects that have received plan approval, but have not yet started construction. web page is www.Miami TownshipOH.gov and go to 'New Developments.' This page will provide a list of all newly approved plans. Click on a new development for additional details on that project, including the anticipated construction start date.

Some projects include Panera Bread, SR 28; National City Bank, Loveland Miamiville Road; Domino's Pizza, SR 131 and the Mills of Miami Subdivision, Deerfield Road.

Milford Matters

The Milford Board of Education's monthly meetings, and other informative programs on the schools.

MIAMI TOWNSHIP COMMUNITY HAPPENINGS

Summer Reading Carnival

Sponsored by Miami Township Recreation and Clermont County Public Library. Sat, Aug 6; 1-4 p.m.; Miami Mead-

ows; Each year the Clermont County Public Library offers a Summer Reading Program to children in the county. This year the program, themed "Dragons, Dreams, and Daring Deeds" takes place from June 13-July 30. Our goal for the program is to encourage children to maintain or even advance their reading skills throughout the summer. To do this, we have programs targeted specifically for daycare facilities within the county, children pre-school through fifth grade as well as an online version where children can submit original artwork and creative writing. This year the reading goal has been doubled to two million pages. To celebrate participants completing the Summer Reading Program, the library is hosting the second annual Summer Reading Car-

nival at the Miami Meadows Park in Milford. The Carnival takes place on Sat, Aug 6 from 1pm-4pm. There will be swordplay performances by the Blade Brothers; fire-eating and sword swallowing by the Pickled Brothers; live animals from the House of Reptiles on display; Mary Helen Mack will demonstrate wool spinning. Abracadabra will provide face painting and juggling while Sluggo's Magic Giggles will feature a magician. There will also be clowns, stilt walkers, and balloon artists from The Balloon Artist and Company. Crafts, games, an inflatable Castle Maze bouncer and an inflatable Dragon Slide will also be available. The Carnival is made possible in part due to generous donations by Miami Township, Cinergy, and Target.

Trustees honor Miami Township soldier
Trustees honored Charissa Hayden, a Miami Township
resident who served with the 512th Engineer Battalion
of the Ohio Army National Guard in Iraq. Hayden was a
Vehicle Driver & Equipment Operator. She was stationed
in Camp Anaconda, 30 miles north of Baghdad.

Scouts honor Miami Township Police, Fire
The Dan Beard Council of the Boy Scouts of America
honored Fire/EMS Chief Jim Whitworth (left) and Police Chief
Steve Bailey (right) for their service to the Scouts.

Nominate a 'Good Neighbor'!

Nominate a neighbor who deserves a pat on the back. The 'Good Neighbor' Award honors contributions to the Miami Township community. Please visit www.MiamiTownshipOH.gov.

Trustees help break ground on new offices
Miami Township Trustees Ed Humphrey (third from left)
and Ken Tracy (fifth from left) joined State Representative
Joe Uecker (second from left) and officials from Kamphaus
Henning & Hood as they broke ground on their new offices
at 1046 TechneCenter Drive. This CPA firm is planning a new
building in the Park 50 TechneCenter. The 11,400 square
foot office will be the newest addition to this premier office
park in Miami Township

Miami Township wants to keep you informed about your community with a new feature to its website. "Keep In Touch" allows residents to receive periodic information via email about happen-

ings in Miami Township. Visit www.MiamiTownshipOH.gov to sign up.

Police Officers receive top honors

Miami Township Police Chief Steve Bailey and the Board of Trustees presented awards to five officers for accomplishment. Detective Nick Colliver was recognized as Employee of the Year for 2004. His nomination cited numerous successful investigations that he conducted in 2004. Officer **Kevin Murray and Officer** Jamie McFarland were presented with Lifesaving Awards for their efforts to save their Sergeant, Al Fatute, from choking to death in February 2004. **Lieutenant Daryl Poe was** presented with a Meritorious Service Commendation. Poe has been with the department for 25 years this past November 2004. He has served as patrol officer, sergeant and lieutenant. He was instrumental in initiating a number of new programs over the years. Officer Larry Willis was also presented the Meritorious Service Commendation for his work with his K9 partner, Fox.
